RUSSIANS CROSS BLACK SEA AND CHECK DUBOVS

Join with Rumanians in Opposing Von Mackensen's Troops

GERMANS IN VULCAN PASS

Berlin Reports that Commanding Heights on Both Sides Have Been Occupied.

London, Sept. 21.—The German, Bulgarian and Turkish troops under Field Marshal von Mackensen have been defeated in the Rumanian province of Dobruja, according to the official announcement from Bucharest. It is declared that the invaders have retired to the south and are burning villages in their retreat.

The great battle, which was the climax of von Mackensen's swift campaign in the Dobruja district immediately after the declaration of war by Rumania, began on September 15 and ended, says Rumanian headquarters, on the 20th. With reference to these operations Berlin merely says that "fighting in Dobruja has come to a standstill."

Rumanians, Russians and Servians were pitted against the invaders, strong reinforcements having been hurried to Dobruja when the operations under the noted German field marshal threatened to overwhelm a section of Rumania. A strong line to the north was hastily fortified and powerful forces were thrown out to oppose the onslaughts of the central powers. That the six-days' battle has been a sanguinary one is indicated by the various official statements, which told of the intensity of the fighting that has continued without cessation.

The latest official communication from Bucharest confirms the entente reports that the great battle in Dobruja has ended in the defeat of the central powers after six days' fighting, says a dispatch from London last night. The battle began last Friday, and gradually increased in scope and intensity until Tuesday evening, with the result that on Wednesday the Germans, Bulgars and Turks, crushed, were forced to withdraw, burning villages in their line of retreat in an effort to retard their pursuers.

The same communication, referring to the Transylvania theater announces that a Rumanian force has entered Oradea, better known as Szekely Uvarhely, 50 miles northeast of Kronstadt. One-fourth of Transylvania is now in Rumanian hands.

London, Sept. 21.—A sudden change has occurred in the situation in Dobruja, where the Russo-Rumanian forces having retreated before the Germano-Turko-Bulgarian Army under Field Marshal Mackensen to a strong defensive line across the province from Maralin (Marleannu) on the Danube, to Tuzla on the Black Sea first checked the drive, resumed the offensive, and, according to an official report received here tonight from Bucharest, have forced the invaders to retreat. The line has been strengthened by Russian reinforcements probably landed at Constanza and which may have been brought across the Black Sea from the army of the Caucasus. Berlin admits that the German operations "are at a standstill."

On the other hand, although Bucharest reports that the Rumanian retreat on the Transylvania front has halted south of Petroseny, where defenses are being organized, Berlin announces that German troops have occupied the heights on both sides of the Vulcan pass.

Other advices from Bucharest say that a Rumanian force has entered Oradea, better known as Szekely Uvarhely, fifty miles northeast of Kronstadt. One-fourth of Transylvania is now in Rumanian hands.

MITCHEL INSISTS LAWLESSNESS MUST END

Mayor Informs Labor Leaders That Law Will Be Upheld

CONFERENCE ENDS IN FAILURE

Sympathetic Strike of 700,000 Federated Workers May Begin Before Night.

New York, Sept. 22.—Labor leaders were given formal warning by Mayor Mitchell last night that he would employ the "full civil and military powers" conferred upon him by law to prevent disorders if the threatened general strike of trades unionists is called today to aid the street car employees, who quit their places the 6th. The mayor's communication was addressed to Hugh Frayne, chairman of the conference committee of labor leaders, after a final effort to arrange a peaceful settlement had failed and following the declaration that a general strike was inevitable. The mayor made it plain that for the union officials "to call these strikes will be to assume full responsibility for all that may follow."

The communication, which was conferred by Oscar S. Straus, chairman of the public service commission, reviewed at length the causes which led to the present crisis. It started that the Interboro rapid transit company, which operates the subway and elevated lines, violated a verbal agreement with the labor leaders by refusing to arbitrate issues arising subsequent to the making of the agreement. It stated, on the other hand, that the employees of the New York railways company and the other surface lines affected by the strike, "were guilty of a breach" of contracts they had made with their employers which ended a tie-up in surface roads July 5.

The so-called final conference was attended by Mayor Mitchell, a citizens' committee and the labor leaders. It ended in a deadlock. The mayor later declared there was no "solution in sight," while members of the citizens' committee described the situation as "hopeless," adding that "it would appear that both sides would have to fight it out."

Ernest Bohm, secretary of the central federated union, later asserted that plans were completed for a sympathetic strike of 700,000 workers in other trades, and that the "walk-out" might begin today. Meantime the state bureau of mediation and arbitration had sent notices to the leaders of the striking carmen and the heads of the transit companies directing them to appear before the board Monday when, it was said, hearings for the purpose of finding a way out of the deadlock would be started.

Samuel Gompers, president of the American federation of labor, who attended the mayor's conference, declared that he was with the strikers "to the last ditch in their fight for the right to organize." Theodore P. Shonts, president of the Interborough rapid transit and the New York railways companies, issued a statement in which he declared that "no union men will be reinstated" by the Interborough. He said, however, that former employees on the surface cars of the New York railways company would be taken back "provided they came free of unionism."

The police took extra precautions last night to prevent a recurrence of rioting which already has resulted in many innocent persons being hurt, considerable property damage and more than 370 arrests. There are 6700 policemen on strike duty. Repeatedly during the early hours yesterday Sixth and Third-avenue elevated trains were assailed by strike sympathizers on rooftops. Twenty-two such attacks were reported by the police within a few hours. Car windows were smashed under showers of bricks and bottles and several passengers were injured.

WARNER-KAUFMAN

Wedding in Brooklyn of Girl Well-Known in Bennington.

A very pretty wedding took place Wednesday evening at the residence of Mrs. James Warner, of 455 McDonough street, Brooklyn, when the daughter, Miss Mabel S. Warner, became the bride of Howard Kaufman, of Yonkers. Rev. Dr. Raymond officiated. Miss Carrie Warner, sister of the bride, attended her and Percy Kaufman was the best man. The Misses Warner have been a number of years frequent visitors of Mrs. C. H. Clarke of South street and have made many friends in this town. Mrs. C. H. Clarke and her daughter, Mrs. Arthur Clarke of Baltimore, attended the ceremony.

VIOLATING TRAFFIC LAWS

Three Arrests Made Thursday Night By Local Officers.

Three arrests were made Thursday evening and early this morning for alleged violations of the traffic laws. One of the offenders was brought before Municipal Judge E. H. Holden and on a plea of guilty was fined for operating a car without a license. The cases of the other two were postponed until later in the day.

Clarence Burdick, who gave his address as North Adams, R. F. D., was arrested in the evening by Officer Griffin for failing to make a proper turn at Putnam house square. It was learned after the arrest that Burdick did not have a license to operate a car and he was fined \$5 with costs of \$7.12.

Officer Griffin also took into custody Herman Nenza of North Adams for failing to comply with the regulations at the Putnam house corner. Arrangements were made by telephone for surety in the case and this morning the hearing was postponed until later in the day.

Between 2 and 3 o'clock this morning Officer Patrick Brazil put under arrest Otto Kinum, who states that he is an electrician from Schenectady and that he has been working at his trade in Arlington. Kinum and a young man companion and three young women were driving about the village in the early hours of the morning and when the car failed to make a proper turn at the corner, Officer Patrick Brazil put Kinum under arrest.

Village Attorney E. C. Bennett was routed out of bed in an effort to make some disposition of Kinum's case. George Benedict's car was engaged to take the young women to their homes in Arlington and Kinum was locked up. It developed that the car belonged to William Cullinan of Arlington and had been loaned to Kinum. Kinum admitted that he had no license to drive an automobile. Bail in the case was fixed at \$100 and the hearing was postponed to 4 o'clock this afternoon.

MONROE CUTS TRAIL LINK

Montclair Professor and Party Contrabute to Mountain Paths.

Prof. Will S. Monroe of the Montclair State Normal school at Montclair, N. J., has made the gift of a trail to the state of Vermont. Plans were made by the Green Mountain club of Vermont to clear the noted "Long Trail" as far south as Lincoln mountain in 1916, and a small sum raised for that purpose. This summer, however, Prof. Monroe, who is an enthusiastic woodsman, offered to finance a trail cutting expedition and to do the work wherever the Green Mountain club thought advisable. After surveyors had mapped out the route of the trail, Prof. Monroe and J. Ashton Ellis of Montclair, with Kerson Nurrin of New York and several other members of the Green Mountain club, proceeded from Burlington to the route of the proposed trail. Camp Montclair was established and for three weeks the trail cutting operations were conducted. The clubmen made good progress, despite wet weather, intense heat, and black flies. At intervals throughout the summer other members of the club joined the camp and aided in the work. The clubmen some times had to use the crosscut saw to cut away the fallen trees on the trail. Prof. Monroe's gift of this valuable piece of trail is expected to be of inspirational value to all the members of the Green Mountain club, and each season will probably see some similar bit of trail perfected by the personal work of the clubmen.

HEARS FROM PARENTS

J. L. Weichman Gets News from Father in War District.

Julius L. Weichman, whose parents live in Lodz, Poland, and who has not heard from them since the war began, has received a letter saying that they are safe. Lodz, being a large manufacturing city, was in the line of German advance to Warsaw and was captured in the early months of the war, but the Germans were driven out by the Russians, who, in their turn, were later expelled by the Germans, who are now in possession.

Mr. Weichman, knowing of the privations suffered by those living in the area of severe fighting, was greatly worried as to his parents' welfare, and was much relieved when he heard from them. Although they have suffered many hardships, they write that they are well, and enjoying privileges under the German rule. The letter, which was dated August 11, must have come by way of Holland or Sweden. Poland is better governed under the Germans than under the Russian, but the poverty of the poorer people with the increased prices due to the war makes their situation precarious. The letter came through the channels of the Hebrew Relief society.

MURDER INQUEST CONTINUED

Proceedings Will Be Resumed Whenever Occasion Necessitates.

Between 2 and 3 o'clock Thursday afternoon the inquest into the shooting of William Costello, whose body with three bullet wounds in the back of the head was found near the Vermont soldiers' home crossing Saturday night, temporarily adjourned subject to the call of State's Attorney Frank C. Archibald at any time.

There were not many new developments during the day. A number of persons were brought before Assistant Judge H. N. Shaw for examination. It was not expected that these witnesses would be able to give any evidence that would lead to the apprehension of the murderer. They were examined principally for the purpose of substantiating facts which were already fairly well established.

Not much light has been cast on the mystery during the past two days. Without a motive for the crime, the officers have been unable to make much headway. All of the officials have worked industriously under the direction of the state's attorney. Every circumstance that might lead to a clue has been investigated thoroughly.

Since the inquest took its temporary adjournment it has been learned that the victim of the crime was seen on Depot street after he had left the home of Victor Young on County street. He was alone at the time.

Col. Roosevelt and Judge Taft Will Make Up.

Colonel Theodore Roosevelt and William Howard Taft, the only two living ex-presidents, are going to patch up their historical quarrel and shake hands and be friends once more. They are going to do it on the evening of Oct. 3 at the Union League Club in this city. Both men have accepted invitations to be present at a reception to be given them that night and have agreed to call off their long-standing feud.

The Colonel accepted his invitation a week ago. Mr. Taft's acceptance was received this week. Before either accepted the invitation assurances were given each that the other would be on hand. All these arrangements for the meeting were made before the general invitations were sent out.

CARRANZA TROOPS DESERT TO VILLA AT CHIHUAHUA

Bandit Leader's Raid on City Successful, Reports Gen. Bell

TOOK THE GOVERNOR'S PALACE

Captured Artillery and Supplies and Released 200 Prisoners from Penitentiary.

Washington, Sept. 21.—An official account of Villa's raid on Chihuahua City last Saturday received at the war department today from Brig. Gen. Bell at El Paso says the bandit chief captured some of Carranza's artillery and 16 automobile loads of arms and ammunition, liberated 200 prisoners from the penitentiary and made off after being joined by from 14,000 to 14,500 soldiers of the Carranza garrison.

According to Gen. Bell's information Villa himself went to the governor's palace and made a speech from the balcony after his forces had captured the palace, the penitentiary and federal buildings.

The report reveals the fact that on September 14 Villa sent a letter to Gen. Trevino, commander at Chihuahua, saying he would be in the city at 3 p. m. Saturday to "shake hands." Gen. Bell expresses the opinion that the raid was completely successful and that Villa accomplished even more than he said he would. Trevino's personal guard deserted him it appears and in the confusion many government soldiers were killed by their own comrades.

Gen. Bell's dispatch does not show the source of his information and many officials believe it was founded on border rumors. Reports received previously conflicted as to the part Villa played not even agreeing that he was present.

MONTENEGRIN SOLDIER LOST

Through Ticket Agent's Mistake Was Sent to Burlington.

Burlington has been visited by a real live Montenegrin soldier, though to look at the 17-year-old boy, wan and emaciated, with a part of one finger gone (from a bit of shrapnel) one would not believe that he had served 18 months in the defense of his country, that little sovereign state that is practically wiped out of existence in the great struggle for world power, says The Burlington News.

There isn't much in a name, perhaps, but a mistake of a New York ticket clerk sent John Popovitch to Burlington, Vt., instead of to East Barrington, Mass., his destination.

The young man arrived in Burlington a few evenings ago, a stranger in a strange land. He had money, but it was foreign money and when he tried to get something to eat, nobody wanted it.

The young man could speak English but slightly, but finally ran across a young man who befriended him to the extent of "stakins" him for his supper and afterward offering to share his bed for the night which was gratefully accepted.

The next morning the good Samaritan discovered that his Montenegrin protegee had the equivalent of about \$11 in United States money—all in gold. He took it to a bank and had it changed into available currency and then escorted the young soldier to the train purchasing his ticket for East Barrington, and putting him aboard.

Popovitch, it appears, from what little information his benefactor could gain, comes of a well known Montenegrin family. His father and several brothers were in the war. The family became separated and the home broken up. The young man came to America, though by what means could not be learned, and got in communication with a fellow countryman, who offered to send him to school in East Barrington.

EX-PRESIDENTS TO SHAKE

Col. Roosevelt and Judge Taft Will Make Up.

They are going to do it on the evening of Oct. 3 at the Union League Club in this city. FAIL TO ARRANGE CONFERENCE AT PITTSFIELD

Strikers and G. E. Officials Did Not Get Together

STATE BOARD MEN HOPEFUL

Confident That Next Twenty Four Hours Will Produce Definite Results.

Pittsfield, Sept. 22.—Members of the state board of conciliation and arbitration, Charles G. Wood and Frank M. Bump, did not submit their proposal for a settlement of the strike at the Pittsfield General electric plant to both sides yesterday afternoon, as scheduled, as some hitch arose which caused postponement of the presentation until some time today. Mr. Wood said that the situation in the General electric and spinners' strikes is very promising and that the next 24 hours ought to bring about some changes.

Both members of the state board were in conference with both sides in the two strikes yesterday, but at no time were conferences held with both sides present. A meeting in the General electric situation is scheduled for today.

The union leaders yesterday made no statement as to the number of men at work other than to say that no more "real mechanics" had returned to work and that many were leaving the city. The company's official statement said conditions were much improved yesterday, that there were 2730 at work, of whom 1901 were of the producing force and 829 of the office force.

The strike at the plant will not prevent employees with militia companies on the border from receiving their weekly pay. The company will live up to its agreement with the soldiers, which was to give them full pay for three months and half pay for the rest of their stay on the border. Lient Harry Sheldon of the recruiting office has been informed that owing to the strike employees of the company who enlist now will receive no compensation from the company.

EL PASO'S BIG PARADE

Largest Number of Troops in Line Since Famous Civil War Review.

El Paso, Tex., Sept. 22.—National guardsmen and regulars—25,000 of them in dust-stained khaki—swung through the streets of El Paso and past a reviewing stand at Fort Bliss near El Paso, Tex., yesterday in the first parade and review of an infantry division at full war strength ever held in the United States. Military men said also that a larger number of troops were in line than at any other time in the history of the country with the exception of the grand review in Washington at the close of the civil war, May 23, and 24, 1865. Tanned by service on the border, the brown-clad legions, cavalry, infantry, field artillery and auxiliary troops marched in an unbroken column, nearly 20 miles long.

Participating in the review were troops from the regular army, from Massachusetts, Michigan, Kentucky, Ohio, South Carolina, Pennsylvania, Rhode Island and New Mexico. In all 799 officers and 25,941 men. Eight thousand animals and 100 vehicles, including ambulances, gun carriages and supply wagons, helped make up the pageant.

WIDOW OF "JIM" ARCHER

Mrs. Amy Gilligan Indicted for Wholesale Poisoning in Connecticut.

Mrs. Amy E. Archer-Gilligan, indicted Thursday at Hartford, Conn., for the murder of five inmates of her home for elderly people at Windsor, is the widow of the late James Archer, who was for a number of years an operator and dispatcher for the Rutland railroad company at the Bennington station.

Archer was well known by the residents of Bennington who were living in the village 20 years ago as he was employed for some time at the local offices of the railroad company. He was born at North Hoosick and learned telegraphy at the station at that village. Later he was transferred to Bennington. Persons, who were acquainted with Archer say that he left Bennington in the vicinity of 20 years ago and went to Connecticut where he continued in the railroad business until after his marriage to the woman who is now Mrs. Gilligan. The home, where it is alleged the five murders took place, was purchased after Archer's marriage and the institution was jointly conducted by the couple. Archer died at the home about four years ago. The woman's second husband, Michael Gilligan, was one of her alleged victims.
